WONDER if it was Union-made Dynamite with which MORAN and WEIR attempted to blow up that non-Union factory in New York?

I NOTICE where a fellow down in Cincinnati advertises a whole set of teeth for \$3—the kind that a Maysville Dentist charges \$15 for. Of course one ought to patronize the cheapest jackleg that he can find!

I was yesterday officially notified to be very cautious in using the name of a rather young member of the honorable Board of Council in

connection with affairs which deeply concern the public. I presume the warning was "official," in that it was given in the office of the Mayor, the Police Judge and the Chief of Police, each of those officials being within eyeshot and earshot. And so we are to have a physical censorship as well as a financial boycott of the Press. Those who have been temporarily placed in charge of public affairs are to be immune from criticism on account of their public acts; and woe to the Editor who dares to trench on forbidden ground. And yet I have seen Councilmen and numberless other city officials come and go—while the newspaper goes right along transacting business at the old stand!

The Kentucky Methodist Conference Woman's Foreign Missionary Society will be held in Covington June 8th to 12th.

The contest over the will of the late Charles W. Wood, involving about \$35,000, will come up next Monday in the Nicholas Circuit Court.

LEGAL NOTICE.

Persons having claims against the late E. W. Galbreath are hereby notified to present them to me, duly proven according to law, for settlement; and persons indebted to him are requested to make prompt payment.

Henry Dersch, J. L. Danton and William C. Watkins, having been elected by Council Supervisors for the year 1905, will meet at my office on THURSDAY, MAY 12th, 1905, to revise the Assessor's book and to hear complaints from taxpayers.

SPEAKING of the bursting of the Paper Trust, First Vice-President GEORGE A. WHITING said:

"The newspaper publishers will find to their cost that they have killed the goose that laid the golden egg."

Well, GEORGE, I never did have much of a hankering after "goose eggs" anyhow; and as this old goose insisted on laying golden eggs in your basket, guess the boys ain't a-goin' to do much weepin'.

WHILST a very brilliant man intellectually, the late CARL SCHURZ didn't stick to one thing long enough to do much good. He was a mediocre Minister to Spain, which he gave up to become a very poor Major General in the Civil War. He was by turns a Lincoln Republican, a Horace Greeley Democrat, a Hayes Republican, a Cleveland Democrat, a McKinley Republican, and his last "flop" was into Judge Parker's Democratic soup tureen. About the only "ism" that he didn't embrace was the Bryanistic free silver fad. He had held so many offices that he had forgotten the count; and, disgusted, he went away.

IT WASN'T HIS.

An urchin who occasionally ventured behind the scenes of a theater on the lower East Side of New York during rehearsals was one day observed by one of the actors sitting in a corner, lovingly eyeing a huge sandwich which he held in his grimy hands, says Harper's Weekly. He regarded it for a few moments, and then, cautiously lifting the top layer, extracted a piece of pickle and ate it; then he closed it down again very carefully and accurately made all as before. A few moments later he repeated the performance, taking out another piece of pickle and a small fragment of meat, and again carefully restoring the sandwich to its original form. After another short interval he took out more pickle and more meat, so that now there was very little of the original middle layer left, and again he closed it up carefully.

"What are you doing that for, Tommy?" the actor asked. "That's no way to eat a sandwich. Why don't you eat it all if you want it, and not pick at it like that?"

Tommy lifted a scornful eye to the actor's uncomprehending face and muttered laconically:

"Tain't mine."

The Mayday strike in Russia has ended. The workmen of St. Petersburg and generally throughout the country have resumed work.

WHEN DRIVEN TO DRINK

Try our soda water. We've not yet been able to find any one who could find fault with it. We never expect to, for we know that no one can serve a more perfect soda than ours. We are extravagant in the purchase of our fountain supplies, buying the finest materials that money will procure.

Then in every detail of the making and serving we insist on that care and cleanliness that results in perfection.

A GREAT MEETING

Rev. J. M. Evans Arousing People at Elizabethtown

Rev. Joseph M. Evans of this city is engaged in a meeting at Elizabethtown, in Hardin county, and the following from The Elizabethtown News tells of what is being accomplished—

The revival at the Presbyterian Church continues to grow in power and influence upon the community. Sunday night the large auditorium was unequal to accommodate the congregation and some had to leave without getting seats. The afternoon services are all very largely attended. Rev. Evans seems to increase in power and his sermons and incidents are carrying conviction to many hearts. Many church people are feeling more sensibly than ever before that their lives are stumbling blocks to others and that they are drones in the Kingdom. The spiritual life of the whole community has come under the influence of this Godly man and has been wonderfully quickened. There have been eight additions to the Church and a great many have asked for prayers. This week the meeting will be more pronounced in its results and those who attend are certain of a great blessing. The singing of the Towner hymns which were used in the tent meeting, are becoming quite a feature of the services as good voices are added to the choir.

According to the German East African Journal, the Government has given permission to import, provisionally, 2,000 Chinese for employment in railway construction.

Paris automobile owners must make two declarations at the prefecture of police, one as to the type of vehicle and power of the motor, and the other for obtaining permission to drive after examination.

The keeper of the only public house in Gelterkinden, a little village near Basle, Switzerland, having raised the price of beer a half-penny a glass, all the workmen of the village have agreed to give up drink until the old price is restored.

The man who will turn down a publication simply because he considers its rates too high is likely to get stuck with a one-eyed animal at "a very low price" in his first horse trade.—*Infant Industries.*
